Second, we've got a lot of things going on this week and I thought it'd be helpful to outline a few things that we should work to complete by the EOW.

4. Housekeeping—would you let us know when you're set up with your david@creditbridge.com email address? At a certain point, we should try to move all company communication over to that email address for data security/records retention reasons. If you're having any trouble with the setup let us know and we can fold in Jack. Similarly, please confirm that you've got Slack set up on desktop and mobile. We're going to move more and more synchronous company conversation onto the platform.

Let me know if you have any questions!

Best,
Jason
